

We invite the European Parliament to adopt legislation to prohibit, prevent and pre-empt Ecocide, the extensive damage to, destruction of or loss of ecosystems.

Main objectives:

- **Criminalise Ecocide** and ensure that natural and legal persons can be held responsible for committing Ecocide according to the principle of superior responsibility.
- **Prohibit and prevent any Ecocide** on European territories or maritime territories falling under EU legislation, as well as acts outside the EU committed by EU registered legal persons or EU nationals.
- Provide for a **period of transition** to facilitate a sustainable economy.
